

ELECTRICMATE
Power Perfected

PRODUCT CATALOGUE

POWER PERFECTED

ELECTRICMATE offers high quality electrical products, perfect for both businesses and homes alike. We offer a wide range of electrical products for all your electrical solutions. **ELECTRICMATE** is the ideal cost-effective solution.

As a distributor, **GENTECH INDUSTRIES** promotes ethical sourcing and complies with an international programme that outlines and monitors these standards. Maintaining a strong relationship with our local and international business partners enables us to satisfy the needs and preferences of our clients and stay abreast of the market trends within this industry.

Our international manufacturing partners are ISO9001 accredited and our products meet and comply with all the necessary local compliance standards.

A surge is an abnormal but temporary jolt of high voltage on the electrical mains. This can be caused by non-direct lightning strikes or from noise possibly produced by the use of heavy-duty appliances, heavy-duty machinery or large power tools. Don't risk losing your valuable equipment through surges! Protect them with the **ELECTRICMATE** Surge Safe, **SAFEHOUSE** accredited products.
